

A FEW TIDBITS

- This map is a SMALL section of the Rose Medical Campus but the easiest way of showing you where we are located... we understand that it gets confusing and want to alieve further directional frustration so hope this helps!
- If you walk across the street from the parking garage you will find yourself at the wrong brick building... that is office building number 4500 (Physician Office Building II)
- Our building is right in front of the entrance of the Emergency Room
- The Rose Medical Campus is located off of Colorado Boulevard & 9th Ave.
- Yes, there is a lot of construction and quite congested
- No, there is never a good time to be on Colorado Blvd; it always feels like rush hour

We look forward to seeing you at our office, drive safe! 😊
